

TRSWD GRANTS:

Cesspool – Septic Issues Program Upgrades

TRSWD offers grants to assist our constituents in upgrading or repairing their septic systems. The major concern is the replacing of cesspools with new modern septic systems. We also offer grants for repair and upgrading of outdated septic systems that have a septic tank with septic pit and drain field issues up to \$5,000.00. Contact TRSWD with your issues and current grant amounts.

Water Well Contamination – Decontamination Grant

TRSWD offers grants to assist our constituents in decontaminating their water well. If your water well to your home has failed water test provided by TRSWD or other certified agencies you may qualify for a grant up to \$200.00. Contact TRSWD with your issues and current grant amounts.

GRANT APPLICATION:

The following is TRSWD Grant Application form for both Cesspool and/or Water Well Contamination. Please read and have the appropriate information available when filling out the application. It is very important that you have contacted the appropriate Missoula County Departments for the proper permits before applying.
